

A workplace powered by you

At BC Hydro, we're working towards creating a cleaner and more sustainable future for all British Columbians and need people like you to help us. A career at BC Hydro is meaningful and provides you the opportunity to be part of a talented, inclusive, and diverse team. We offer a healthy work-life balance, competitive wages, a comprehensive benefits package, and training opportunities to support you in your career growth. We're proud to be ranked as one of B.C.'s Top Employers and one of Canada's Best Diversity Employers.

We invite you to join us as we build an even cleaner B.C. We welcome applications from all qualified job seekers. If you're a person with a disability, please let us know by emailing RecruitmentHelp@bchydro.com, as adjustments can be made to help support you in your application process.

General Tradesperson 1 - Carpenter - Surrey

Number of positions: 9

Job Location: Surrey Construction

Employment type: Temporary

Region: Lower Mainland

Hours of work: Full-time (37.5 hrs/wk)

Flexible Work Role: Field

Hourly Rate: \$ 42.35

What you'll do

The duties of the role per the IBEW Collective Agreement are as follows:

- * An employee qualified to perform the duties of a Journeyperson in trades other than the electrical trades defined herein.
- * General Tradespersons shall perform work such as carpentry, painting, brickwork, track bonding, rigging, automotive, lagging, exploratory diamond drilling, etc. and all types of work where skilled Tradespersons are required other than those types of work which are normally performed by Journeyperson electrical workers, but may include special welding to electrical equipment in energized stations provided such work is supervised by a qualified electrical Journeyperson.
- * A General Tradesperson may be assisted by a Driver/Helper.
- * Employees in these categories will be required to perform work of many kinds but the amount of work of any kind available is so limited that it would be impracticable to limit one employee to any one class of work.
- * The definitions of the classifications are accordingly indicative only of the qualifications and duties of the employees concerned.
- * In addition to the above, General Tradesperson may be required to install duct. Where this work is performed in stations an electrical Journeyperson shall be present during installation and they may be called on to take charge of the crew.
- * A General Tradesperson may be assisted by a Driver/Helper.

What you bring

- * As per IBEW Collective Agreement.
- * BC Trade qualification or Interprovincial Red Seal Endorsement
- * Basic computer skills and use with Microsoft programs and applications
- * Valid B.C. Class 5 driver's licence
- * It would be preferred that the successful candidates have a high level of proficiency in at least two building trades and a basic understanding of other trades associated with building maintenance
- * Strong commitment to safety, WorkSafeBC requirements and safe working practices
- * Familiarity with Provincial building code, WorkSafeBC and other applicable codes related to building operation and maintenance

What we offer

- A comprehensive benefits package
- A minimum of 15 paid vacation days
- A lifetime pension
- Flexible work model, depending on your role type
- Training and development courses

For more information on the benefits we offer, visit bchydro.com/benefits.

What else you should know

This position is affiliated with the international Brotherhood of Electrical Workers Union (IBEW local 258) www.ibew258.bc.ca

- * Note this position is a full time temporary opportunity for approximately 6 months, with the possibility of extension.
 - * All eligible applicants are encouraged to apply. Applicants with a Journeyperson Carpenter with recognized Red Seal Certification will be given preference.
 - * BC Hydro Construction Services is a group of unionized tradespersons in line, electrical, civil, mechanical, and specialty trades that build and maintain BC Hydro assets through our project work around BC.
 - * Candidates will be performing formwork, layout, cabinetry, duct bank work, green field & brown field construction.
 - * Candidates must be physically fit and able to lift continuously.
 - * Working environments are based outside in all weather conditions.
 - * Candidates will be working with construction projects in BC Hydro Generation, Transmission & Distribution assets.
 - * Candidate must hold valid First Aid Level or willing to attain Level 1 or 3.
 - * Candidate is willing to work outside of the Lower Mainland.
 - * Candidate should have forklift certification or willing to get certificate.
 - * Candidate should be ticketed/certified in carpentry/CCW trade.
 - * Candidate should have minimum 5 years of experience.
-
- * A condition of this role is that you maintain your Driver's License: Class 5 - In Good Standing.
 - * Position involves shift work and work at remote sites
 - * Travel will be required.

Please be advised that this role has been assessed as safety sensitive and pre-qualification alcohol and drug testing will be required as a pre-condition to employment.

Your application package should include your resume and cover letter, and proof of trades qualification, driver's license, and any other relevant certifications.
